About Kin Mining

Kin Mining (ASX: KIN) is an emerging gold development company with a significant tenement portfolio in the highly prospective North-Eastern Goldfields region of Western Australia. The Company has completed its Definitive Feasibility Study on the Leonora Gold Project forecasting an average production rate of 55,000oz¹ pa. The Company has also upgraded its resources to 1.02Moz² and released its Maiden Ore Reserve of 373,000oz¹. Kin is seeking to increase shareholder value through continued aggressive exploration on its tenements and achieving gold production in the second half of 2018.

¹The 2 October 2017 DFS included the proposed 3.75% West Australian Government Gold Tax. This proposal has since been rejected with the revised AISC now A\$1,018/oz. The Company confirms that it is not aware of any new information or data that materially affects the information included in the ASX announcement of 2 October 2017 "Feasibility confirms a high margin gold mine for Kin at its Leonora Gold Project", and that all material assumptions and technical parameters underpinning the estimates in that announcement continue to apply and have not materially changed. For Reference see ASX Announcement 2/10/2017 *Feasibility confirms a high margin gold mine for Kin at its Leonora Gold Project*

²The Company confirms that it is not aware of any new information or data that materially affects the information included in the ASX Announcement of 30 August 2017 "Kin Defines +1 Million ounces of Gold at the Leonora Gold Project", and that all material assumptions and technical parameters underpinning the estimates in that announcement continue to apply and have not materially changed.
