**Kin Mining NL** (ASX: KIN) refers to an article published on page 135 of *The Weekend West* on 19 January 2019 titled *Kin boss looks to right ship* ("Article").

The Article included information relating to a potential production target ("Statement").

The Statement did not comply with the requirements of the ASX Listing Rules and the Company at this stage has not compiled the information required to disclose a production target in accordance with the JORC Code 2012.

Accordingly the Company retracts the Statement in the Article that relates to a potential production target of "75,000-100,000oz a year".

The Statement should be disregarded, and investors should not rely on the Statement for their investment decisions.

### About Kin Mining NL

Kin Mining NL (ASX: KIN) is a West Australian based gold development and exploration company. Kin's focus is its 100% owned Leonora Gold Project (LGP) located in the highly prospective North-Eastern Goldfields region of Western Australia. The LGP has a +1Moz<sub>1</sub> gold Mineral Resource defined in both supergene and deeper primary mineralisation with considerable potential to grow this resource with further drilling.

*Other than the update to the Helens Resource in the ASX Announcement of 10 September 2018 "Helens Mineral Resource Update", the company confirms that it is not aware of any new information or data that materially affects the information included in the ASX Announcement of 30 August 2017 "Kin Defines +1 Million ounces of Gold at the Leonora Gold Project", and that all material assumptions and technical parameters underpinning the estimates in that announcements continue to apply and have not materially changed.*
